DC 3000 WATERING TUNNEL

Williames

Leading by Innovation

FIVE WATERING ZONES

The Williames 3000 WATERING TUNNEL waters the tray after it has been filled, seeded and covered.

FEATURES

- Water is sprayed across the width of the tray as the tray is passed underneath on the conveyor belt
- Individual fixed or variable speed motor drive
- Manufactured from stainless steel throughout
- Extreme reliability
- Simple operation
- Robust construction means low maintenance and high productivity
